WHAT YOU'LL FIND IN TODAY'S UPDATE:

- Franklin County COVID-19 Profile Report 01/28/2021. (See link on page 1)
- Updated County Health Department Message (A Message From Your CHD, page 2)

A MESSAGE FROM YOUR COUNTY HEALTH DEPARTMENT

Vaccine Update. Our goal is to continue to support our communities and keep our residents healthy. To date, there are 1,207 Franklin and 1,587 Gulf residents who have received the COVID-19 vaccine. We know many residents are still waiting for their vaccine appointment. We understand this is a stressful time, but we will get to you just as soon as we can and appreciate your patience. In the meantime, please continue to follow the CDC guidance: wear a mask when unable to safely social distance, keep hands clean, stay home when sick, and avoid large crowds.

We are aware of the statewide preregistration system, however we will continue using our locally developed pre-registration system at this time. Please call us if you have questions. You can reach us in Franklin County at (850) 653-2111 or in Gulf County at (850) 227-7587.

Positivity Trends. Positivity trends are going down, we would like to see this get back under 10% again. Keep follow the CDC guidance and we are going to get through this.

Quarantine. If you are waiting on your COVID-19 test results, please STAY HOME. Do not go to work or other places that could expose others. While we are trying really hard to keep students in school, if your child(ren) have pending test results, please keep them home while you WAIT for those results. Sending students to school when they are positive could result in more students having to quarantine and miss school.

LOCAL UPDATES:

PLEDGE TO PROTECT

Pledge to Protect is a voluntary program in which Franklin County tourism businesses commit to clean and healthy standards for their guests and employees to prevent the spread of COVID-19.

Visit Pledge to Protect at:
<https://www.floridasforgottencoast.com/pledgetoprotect/>

By taking the Pledge to Protect, businesses are committing to:

- Proper Use of Personal Protective Equipment
- Routine Cleaning and Disinfecting of Surfaces and Equipment
- Practicing Social Distancing and Minimized Contact
- Enforcing Any Sick Employees to Stay Home
