

Mission:

To protect, promote & improve the health of all people in Florida through integrated state, county & community efforts.

Ron DeSantis
Governor

Scott A. Rivkees, MD
State Surgeon General

Vision: To be the Healthiest State in the Nation

08/14/2020 COVID-19 UPDATE:

Your local health department is here to assist you with questions related to COVID-19 (novel coronavirus).

Here are the Franklin County testing numbers as of 2:00pm today:

Number of unduplicated COVID-19 tests so far: **4,046**

Number of negative tests we have: **3,592**

Number of positive tests we have: **449** (Includes 304 correctional inmates.)

Weekly Positivity August 7 - August 13: **10%** (30 positive/309 total tests)

For the full county COVID-19 profile report please visit:

http://ww11.doh.state.fl.us/comm/partners/covid19_report_archive/county_reports_latest.pdf

Available hospital bed capacity, including ICU capacity in neighboring counties, can be found using this link.

<https://bi.ahca.myflorida.com/t/ABICC/views/Public/HospitalBedsCounty?:isGuestRedirectFromVizportal=y&embed=y>

For Franklin County COVID-19 updates straight to your phone: text FranklinCV19 to 888777.

Florida Department of Health in Franklin County: (850) 653-2111

Florida Department of Health in Gulf County: 850-227-1276

There is also a hotline available at 1 (866) 779-6121 or email COVID-19@flhealth.gov.

Follow the [CDC.gov](https://www.cdc.gov) website for the latest guidance on COVID-19 and check out [Floridahealth.gov](https://www.floridahealth.gov) to keep up with state-specific updates.

WHAT YOU'LL FIND IN TODAY'S UPDATE:

- Franklin County COVID-19 Profile Report 08/14/2020 (Attached)
- Updated County Health Department message (Message From Your CHD, Page 1)
- What we currently know about reinfection (COVID-19 Reinfection, Page 4)
- [Pledge to Protect](#): New Healthy Business Program (Pledge to Protect, Page 7)

A MESSAGE FROM YOUR COUNTY HEALTH DEPARTMENT**Friday's Positivity Report is here****Public Health focuses on preventing diseases.**

Our goal is to keep our vulnerable populations safe, maintain our medical capacity and keep our positivity low. The percent is based on the number of people who test positive in a week divided by all the people tested that week, excluding people who have previously tested positive.

This data is reviewed and corrected in our surveillance system daily to give us the most accurate picture, so counts can change over time. Keep in mind, as we clean up testing data, the revisions are not usually drastic enough to change weekly percentages. This is why we chose weekly trends vs. daily trends for our rural communities. At

minimum to align with the Governor’s reopening phases, we need to test 2% of our population each month and we far exceed this.

For Gulf: 16%

Week August 7-13 is 16% (78 positive/492 total tests)

*This number excludes 71 inmates who tested positive and 376 inmates who tested negative this week.

Week July 31-Aug 6 is 15% (76 positive /518 total tests)

For Franklin: 10%

Week August 7-13 is 10% (30 positive/309 total tests)

*This number excludes 42 inmates who tested positive and 204 inmates who tested negative this week.

Week July 31-Aug 6 is 5% (15 positive/294 total tests)

How can we bring positivity down? Follow CDC guidance. Social Distance. Please wear masks in places where social distancing cannot be maintained. Wash your hands frequently. Disinfect surfaces. Stay home when ill. Stay home when you’ve been a contact to a positive case to interrupt the spread.

Available hospital bed capacity, including ICU capacity in neighboring counties, can be found using this link.<https://bi.ahca.myflorida.com/t/ABICC/views/Public/HospitalBedsCounty?:isGuestRedirectFromVizportal=y&embed=y>

Parents and Caregivers of school-age students:

We know back to school looks and feels a lot different this year than it has in previous years. Your school has new protocols in place to prevent the spread of COVID-19. The health department is working very closely with the school district.

Just a quick reminder:

If your child or any member of your household are currently waiting on COVID19 test results for active infection, **please wait for those results before sending your child to school.** This is extremely important. We’ve already heard about situations in other counties involving students attending school and later finding out their test was positive. This can be prevented and **more kids can stay in school if we all work together.**

Please also keep your child at home if you answer yes to any of the following questions. Call the health department if you have any concerns or questions.

Daily Health Questionnaire for students:

- *Does your child or anyone in your household have any of the following symptoms? (fever 100.4 or above, cough, shortness of breath or difficulty breathing, headache, chills, muscle pain, sore throat, congestion, runny nose, nausea, vomiting, new loss of taste or smell)*
- *Has your child or anyone in the household traveled outside of the country or to any highly affected areas in the United States in the past 14 days?*
- *Has your child had direct contact (within 6 feet for more than 15 minutes) with anyone who has tested positive with COVID-19 within the last 2 weeks?*
- *Is there anyone in your household under instructions to self-isolate or quarantine due to COVID-19?*

Some Masks Protect Better than Others

There was a recent study published by Duke University about mask effectiveness. Some masks work better than others. The usage of more effective masks can make a difference in reducing the transmission of this virus. This study looks at respiratory droplets that people are exposed to or that they expel into the air.

This study has been highlighted on nightly news outlets, like this one: <https://www.cnbc.com/2020/08/11/study-bandanas-and-neck-gaiters-not-effective-as-surgical-face-masks.html>

A copy of the full study can be found using this link:

<https://advances.sciencemag.org/content/early/2020/08/07/sciadv.abd3083>

CLOTH FACE COVERS/MASK

Why wear the mask in public?

Answer: My cloth face covering protects you. Your cloth face covering protects me. Although not a 100% guarantee, the use of masks has been proven using actual case investigations to dramatically reduce the spread of the virus. People who are infected can spread the virus before they develop symptoms or in the absence of symptoms. Wearing a cloth face covering may help prevent the spread of the virus by people who are infected and do not know it. Use of cloth face coverings continues to be a recommendation long-term prevention measures such as vaccines are being developed.

Cloth face coverings do not replace other protective measures. CDC still recommends that you stay at least 6 feet away from other people (social distancing), wash your hands frequently, and avoid touching your eyes, nose, and mouth....and your face covering. Cloth face coverings should not be placed on children under age 2.

If you or someone you love needs a cloth mask, please call 850-340-3016.

The CDC recommends wearing cloth face coverings in public settings where other social distancing measures are difficult to maintain, especially in areas of significant community-based transmission.

For information on how you can make a facemask at home, visit <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/cloth-face-cover.html> and watch this video <https://youtu.be/tPx1yqvJgf4>.

QUARANTINE/ISOLATION FACTS

The quarantine period is important. We need close contacts to a positive case to quarantine for 14 days from the date of their exposure to the positive individual. Getting a test that is negative during the quarantine period does not stop the clock. We have seen many individuals develop infection on the second week of quarantine, so it is really important to stay quarantined for the full 14-day period. Household quarantine can be a little more stretched since it can be very difficult for a positive individual to properly isolate from everyone else. If you live in the same household as a positive case, you need to quarantine while the person is sick and once this individual is no longer infectious, that's when your quarantine 14 period will start. We explain all of this to every close contact identified and can provide quarantine orders to each individual.

I tested positive for COVID19. When can I be around others (no longer infectious)? If you tested positive for COVID19, you need to stay at home and isolate per the guidance provided by public health officials. If you think or know you had COVID-19, and had symptoms, you can be with others after at least 10 days since symptoms first appeared and at least 24 hours has passed with no fever without fever-reducing medication and symptoms have improved. If you tested positive for COVID-19 but had no symptoms, you can be with others after 10 days have passed since your test. If you develop symptoms after testing positive, follow the guidance above that includes fever and symptoms improving. Follow this link to stay tuned on updates: <https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/end-home-isolation.html>

TESTING

If you suspect you might have COVID-19, please do not travel here. Please get a COVID-19 test (nasal swab for active infection) in your community and know your results before you arrive. Stay home when you are sick and follow CDC guidelines. Visitors are also responsible for helping to keep our communities safe and healthy. Call your health care provider first or if you are symptomatic to determine the need for testing. If a person thinks they have COVID-19, they should call their health care provider before going to their office so the provider can take precautions to prevent exposing other people. In some cases, they are going to meet you in the parking lot. It's just a precaution. We are really trying to keep our healthcare workers safe. Other patients safe. Review your signs, symptoms and travel history with your physician. Your provider is going to evaluate you for possible causes and rule out other respiratory illnesses (ex. Flu) before testing for COVID-19.

COUNTY HEALTH DEPARTMENT EXPANDED TESTING PLAN

The Florida Department of Health offers FREE COVID-19 testing. Please call (850) 653-2111 to make an appointment.

WEEMS OFFERS TESTING

Weems Medical Centers offers active COVID-19 and COVID-19 antibody testing. Free for uninsured patients and zero copay for patients with coverage. An **official provider order** is required for all non-Weems clients. To make an appointment for testing, individuals should call the East Clinic at (850) 697-2345 or West Clinic at (850) 653-1525.

ANTIBODY TESTING

To learn about antibody testing, see http://ww11.doh.state.fl.us/comm/_partners/action/antibody_testing.pdf or see visit <https://www.cdc.gov/coronavirus/2019-ncov/testing/serology-overview.html> for CDC information about antibody testing.

COVID-19 REINFECTION

Here is what we know so far:

The risk of reinfection may be lower in the first 3 months after initial infection, based on limited evidence from another betacoronavirus (HCoV-OC43), the genus to which SARS-CoV-2 belongs (Kiyuka et al, 2018). Persons infected with related endemic human betacoronavirus appear to become susceptible again at around 90 days after onset of infection. Thus, for persons recovered from SARS-CoV-2 infection, a positive PCR test during the 90 days after illness onset more likely represents persistent shedding of viral RNA than reinfection. More information can be found here: https://www.cdc.gov/coronavirus/2019-ncov/hcp/duration-isolation.html?CDC_AA_refVal=https%3A%2F%2Fwww.cdc.gov%2Fcoronavirus%2F2019-ncov%2Fcommunity%2Fstrategy-discontinue-isolation.html

MENTAL HEALTH

COVID-19 have you feeling...STRESSED/ANXIOUS/DEPRESSED/UNSURE? NEED SUPPORT? CALL 850-270-8911, available 9-5pm EST. If you are in need of immediate mental health services call one of the agencies below available 24/7:

- National Suicide Prevention Hotline: 1-800-273-TALK (8255)
- SAMSA Disaster Helpline: 1-800-985-5990 or text TalkWithUs to 66746 or the Crisis Text Line: Text "HOME" to 741-741
- Florida Blue, in partnership with New Directions Behavioral Health, is providing a free emotional support resource for all Floridians even if not covered by Florida Blue insurance. Any Floridian – even if uninsured or insured by another plan – can call 833-848-1762 for support in managing feelings of stress, anxiety, grief or fear related to the COVID-19 pandemic.

WORKPLACE RESOURCES

We get asked a lot about daily health screenings for employers. The CDC has updated strategies and recommendations for employers responding to COVID-19, including those seeking to resume normal or phased business operations. Recommendations to [Prepare Your Small Business and Employees for the Effects of COVID-19](#) The questions were modified for the adult workforce. In addition to regular temperature checks, the follow questions can be asked to employees:

Daily Health Questionnaire

1. Do you or anyone in your household have any of the following symptoms? (fever 100.4 or above, cough, shortness of breath or difficulty breathing, chills, muscle pain, sore throat, congestion, runny nose, nausea, vomiting, new loss of taste or smell)
2. Have you or anyone in the household traveled outside of the country or to any highly affected areas in the United States in the past 14 days?
3. Have you had direct contact (within 6 feet for more than 15 minutes) with anyone who has tested positive with COVID-19 within the last 2 weeks?
4. Is there anyone in your household under instructions to self-isolate or quarantine due to COVID-19?

RURAL DEVELOPMENT

There are several resources available for rural residents and business coping with the impact of COVID-19. Please visit the Rural Development Coronavirus Response page: <https://www.rd.usda.gov/coronavirus>

REEMPLOYMENT ASSISTANCE

We encourage any Floridian whose employment has been negatively impacted as a result of COVID-19 to visit FloridaJobs.org and click on Reemployment Assistance Service Center to learn more about the program and watch a short video on how to apply. Click <http://www.floridajobs.org/Reemployment-Assistance-Service-Center/reemployment-assistance/claimants/apply-for-benefits> for a direct link to instructions on how to apply for Reemployment Assistance. Select the hyperlink to download and view the http://floridajobs.org/docs/default-source/reemployment-assistance-center/new-individual-faq-includes-cares-act-final.pdf?sfvrsn=5f2547b0_14

If you can't apply by email you can pick up a paper application and submit it by mail. Below are the following pick up locations for paper applications in Franklin County. For more information you can contact: Career Source Gulf Coast at 850-653-4981. The application will be located in a box outside each building.

Apalachicola – CareerSource #1 Bay Ave Apalachicola, Fl

Eastpoint – Ard's Service Station – 407 US Highway 98 Eastpoint, Fl

Carrabelle City Hall – 206 Highway 98 E Carrabelle, Fl

For a guide to frequently asked questions regarding Re-employment Assistance, visit

[http://www.floridajobs.org/Reemployment-Assistance-Service-Center/reemployment-assistance/claimants/claimant-faqs-\(new\)](http://www.floridajobs.org/Reemployment-Assistance-Service-Center/reemployment-assistance/claimants/claimant-faqs-(new)). For information regarding assistance with utilities, rent/mortgages, food pantries, and other local disaster assistance, visit <https://www.211.org/>

FRANKLIN/GULF/BAY COUNTIES:

Catholic Charities Financial Emergency/Hardship: (850) 763-0475

1. Call First Monday of each month after 9am for screenings
2. An initial screening will take place on the phone to complete the application process and receive an appointment. Proof of need will be required: past due utility bill, proof of check stub from place of employment (before and after date affected).

FOOD DISTRIBUTION

For a list of youth feeding program sites near you dial 2-1-1.

TRAVEL RECOMMENDATIONS

Cases of coronavirus disease (COVID-19) have been reported in all states, and some areas are experiencing community spread of the disease. Travel increases your chances of getting and spreading COVID-19.

CDC recommends you stay home as much as possible, especially if your trip is not essential, and practice social distancing especially if you are at higher risk of severe illness. Don't travel if you are sick or travel with someone who is sick. For more information, visit: <https://www.cdc.gov/coronavirus/2019-ncov/travelers/travel-in-the-us.html>

GOVERNOR UPDATES:

To see all of Gov. DeSantis Executive Orders regarding COVID-19, visit: <https://www.flgov.com/covid-19/>.

EXECUTIVE ORDER NUMBER 20-192

On, May 22, 2020, Governor DeSantis lifted the restrictions on youth sports and summer camps. This new order will go into effect immediately. More guidance from the Florida Department of Health will follow this update. To view frequently asked questions about the on the guidance for organized youth activities, visit <https://floridahealthcovid19.gov/wp-content/uploads/2020/05/FL-Summer-Camp-Guidance-FAQs-5-21-20.pdf>

UNEMPLOYMENT COMPENSATION

On, Thursday, April 16, 2020 Governor DeSantis issued Executive Order 20-104 which suspends the requirement that Floridians must recertify reemployment assistance status every two weeks.

LOCAL UPDATES:

PLEDGE TO PROTECT

Pledge to Protect is a voluntary program in which Franklin County tourism businesses commit to clean and healthy standards for their guests and employees to prevent the spread of COVID-19.

Visit Pledge to Protect at:

<https://www.floridaforgottencoast.com/pledgetoprotect/>

By taking the Pledge to Protect, businesses are committing to:

- Proper Use of Personal Protective Equipment
- Routine Cleaning and Disinfecting of Surfaces and Equipment
- Practicing Social Distancing and Minimized Contact
- Enforcing Any Sick Employees to Stay Home

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Effective immediately, DBPR is suspending on premises consumption of alcohol at bars statewide. To read the full order, please visit: http://www.myfloridalicense.com/dbpr/os/documents/EO_2020-09.pdf

HEALTH DEPARTMENT

The Franklin County Health Department has resumed full clinic services. This includes annual physical exams, well woman exams, Florida Breast and Cervical Cancer Early Detection Program, other routine appointments and COVID-19 testing. Some services will continue to be done curbside or over the phone to decrease unnecessary exposure. Please call (850) 653-2111 to schedule an appointment! Please do not bring visitors with you to your appointments.

Florida Department of Health issues Public Health Advisory: The Dept. of Health recommends all individuals should wear masks in any setting where social distancing is not possible unless a child is under the age of two, encourage elderly and vulnerable populations to limit interactions outside of the home, and urges all individuals to refrain from participating in gatherings of more than 10 people. This advisory serves to update the Public Health Advisories filed on March 25, 2020, and June 20, 2020.” For more information please visit:

<http://www.floridahealth.gov/newsroom/2020/07/072420-1446-covid19.pr.html>

COUNTY CLERK & COURTHOUSE OFFICES

Offices within the main courthouse will remain open to the public for critical, essential services only.

Please call (850) 653-8861 before you visit the courthouse to see how they may help you remotely. Visit www.franklincountyflorida.com or call the Planning and Building office at (850) 653-9783 for more details.

CITY GOVERNMENTS

The City of Carrabelle has issued a proclamation encouraging the use of facial coverings (mask) in all public buildings and establishments. As of Monday, July 13, 2020 the Carrabelle City Hall lobby and City buildings are CLOSED to public access until further notice. All non-essential meetings will be conducted by phone until further notice. The public is encouraged to continue to use the Dropbox at the front of City Hall for water & sewer payments. The Carrabelle City parks are now open however playgrounds and public restrooms will remain closed until further notice.

The City of Apalachicola has an emergency proclamation mandating [Facial Coverings](#) within local businesses and establishments. City offices have opened to in-person visits from 8:00a to 12:00p. Residents/customers must continue to call or email for business occurring after 12:00p. As always, the dropbox is still available for water & sewer bill payments. Call (850) 653-9319 for more details and (850) 653-6845 for after hours.

ASCENSION SACRED HEART

Online urgent care is available through Ascension Online Care at a discounted \$20 with the code HOME. You can have a video visit with a doctor without leaving your home. No insurance required. Visit <http://ascension.org/onlinecare> to start your visit.

SUPPORTING CHILDREN THROUGH THE COVID-19 PANDEMIC

COVID-19 has upended children's daily lives, resulting in added stress and uncertainty. Studies show that adversity during childhood, including adversity stemming from natural disasters, can have lasting impacts on children's social emotional health. Fortunately, families can take steps to support and protect children's emotional well-being during the COVID-19 crisis. For more information visit the Nat'l Institute for Children's Health Quality site at <https://bit.ly/2JFXCM6>.

The Germ that Wears a Crown: A Story About the Coronavirus: This is a story, coloring & activity book from FSU Center for Child Stress & Health to help children cope with COVID-19. The book teaches children about the virus, social distancing and how to express and manage strong emotions. Visit <http://fsustress.org/ebook.html> to download a free copy!
